

DELTA SIGMA THETA SORORITY, INC.
**LOUDOUN
COUNTY**
Alumnae Chapter

Youth programs are a pivotal part of our community service efforts. We are currently looking for members of the Loudoun County community that want to assist as program volunteers.

All prospective volunteers must successfully complete a volunteer application, a one-hour risk management training session, an interview and background check.

The risk management training session offers guidance on the volunteer's role when interacting with youth. It also provides information on the sorority's involvement with community service youth events.

In order to accommodate participants, please sign up for a training session through the Sign-up Genius link below. Sessions are blocked for two hours, to allot time for the interview and background check.

www.signupgenius.com/go/4090E4BA9AC22A0F58-risk

Sessions will be cancelled if fewer than 4 participants are enrolled 3 days prior to the session. Late arrivals may be asked to register for another session.

For more information, please contact:

Cantrell Frayer, LCAC Risk Management Chair
